Mr. Malcolm A. Frost  
Head, BBC Monitoring Service  
Caversham Park  
Reading, England

Dear Malcolm:

As indicated in my cable of 3 June 1948, I have obtained the names and addresses and names of spouses and parents of the employees at Cairo whom it is desired to transfer to Kyrenia either on normal activation of the Kyrenia station or earlier, if at any time it should be necessary to discontinue operations at Cairo.

The attached list is divided into two sections, the first consisting of non-Jewish and the second of Jewish employees, since it will probably be impossible in the near future to obtain exit permits from Egypt for Jewish employees. It would be desirable to give priority to the non-Jewish names in obtaining clearance through Paddy. Eventually, however, it may be possible to obtain exit for the Jewish employees also, and I should like you to give secondary attention to these names, if you will.

I do not know of any indications that the crisis in Egypt may become acute before we are ready with the new station at Kyrenia, but particularly in view of the resumption of fighting, I am asking Seely to remain on the alert for emergency operations.

I am very grateful to you for taking the trouble to prepare the test recordings for recruiting on Cyprus. Although I hope and expect that we can avail ourselves of your kind offer to do most of our linguist recruiting through Caversham, I want to continue, simultaneously, efforts to find any linguists available in the Middle East.

I trust you had a pleasant vacation, and I shall look forward to hearing from you again.

Sincerely,

L. K. White
